

AUGUST 2026 CHURCH FAMILY NEWS

www.mossleyhillchurch.org.uk

Dear Church Family

I want to thank you all for your support, kindness and gifts over the nine months as Ordinand and the last few weeks as your curate, you are a special group of people. I firmly believe that God intended for me to be here with you all to serve and learn from you. I am enjoying getting to know you all, attempting to remember everyone's name, please forgive me when I don't, and I am looking forward to spending the next three years here. The bishop gave each new curate the challenge of going into the lost places of our parish and to prayer walk around the whole of it, gladly not all in one day! Why not prayer walk yourself and pray for your neighbours as you walk along your own street asking God to bless them and begin to hunger for a relationship with Him. You could pray about inviting them to come along to Alpha to learn more about our Christian faith for themselves, ask questions, or say why they don't believe He's there. Come along with them. I pray each morning that God will put someone in my path to speak to about Him, for them to broach the subject so I can naturally speak about Him, it works.

Rev. Lisa (not quite used to that yet).

Deanery Synod Rep

We have 3 vacancies for this position, and we'd love you to consider whether God might be calling you to this important role.

As well as representing Mossley Hill Church alongside Christians from across South Liverpool, you'll also become a trustee of our church and serve on our PCC, which meets monthly. It's a wonderful opportunity to help shape the future of our church, our deanery and the wider Church of England.

If you care about the mission of the Church and enjoy working with others, this could be for you. I'd love to chat and answer any questions, so please do come and speak to me. Rev Rach

ECO Ideas for August

Looking after wildlife in hot, dry weather matters. Offer water in shallow dishes with stones for safe drinking. Birds, insects, and mammals benefit. Small actions help us care for God's creation.
